## The Marietta Daily Leader

SATURDAY, JUNE 30, 1900.

### Last Pier Commenced.

Work of driving piles for the shore pier of the new bridge was commenced yesterday and will be rapidly pushed to make ready for the completion of the structure. A coffer dam has been built, but the workmen are subjected to some inconvenience by the filling up of the pit behind the dam with the water draining off the streets during the frequent showers.

Work on the round pier is well under way and there are now four courses of stone above the water line. The work on the east abutment is also progressing rapidly.

The stonework will probably be ready for the construction men to begin putting up steel again inside of two weeks. A small force of men is at work laying the floor and driving rivets in the two spans already up.

### A New Boat.

The steamer F. S. Gogel having in tow the new craft, "City of Wheeling," arrived yesterday afternoon from Clarion, where the new boat was built. The City of Wheeling will receive her boilers here from the Strecker Boiler Works, and she is now moored on the West Side for that purpose. The machinery to be used on her is that of the old steamer Savannah, repaired and set up by the Marietta Manufacturing Company.

The boat was built by Capt. Thomas and several others, of Clarion, and will be run as a light packet during the winter and an excursion steamer in the summer.

### Oil Tank Burned.

A 250-barrel tank on the Bush farm opposite Little Muskingum, was struck by lightning during the storm yesterday afternoon and burned to the ground. It was the property of the United States Oil Company. The amount of oil in the tank is unknown, but it must have been considerable as the fire lasted for two or three hours. The heavy black smoke arising from the burning tank attracted the attention of a number of people in the city.

### Mayor's Court.

Wes Fouts, whose place was raided by the police Thursday night, appeared before the Mayor Friday and pleaded guilty to the charge of running a gambling house. Mayor Sykes fined him the full extent of the law, the amount being \$50 and costs.

George Bules and Charles Henderson each entered a plea of guilty and received the customary \$25 and costs for keeping open on Sunday. The case against Charles Bailey for the same offense will be heard today.

### Florence M. Russell.

Mrs. Florence M. Russell died at her home in Williamstown Friday morning at 6 o'clock after a prolonged illness from inflammatory rheumatism. She had been an invalid for the past nineteen years.

She was the daughter of Mr. and Mrs. Charles P. Russell and was in her twenty-sixth year.

The funeral will be held Sunday morning at 9 o'clock.

### The New Hose Wagon.

The new wagon for Company No. 2 has been completed and last night about midnight was removed from Osterle's wagon shop to the company's station on the West Side.

It is a fine piece of work and is finished in silver bronze with gold trimmings, giving it a handsome appearance. The new wagon will be used to make the exhibition run on the Fourth.

### Scio Ordinance Invalid.

The Circuit Court at Cadiz has affirmed the decision of the Common Pleas Court, which held that the Scio ordinance was invalid that required the payment by operators of \$100 for each well drilled in corporate limits of the village of Scio.

The clients of Underwood & Ludey, of this city, are winners by the decision.

### A Serious Charge.

Ed. Martin, the Williamstown blacksmith, who is wanted across the river on the charge of assault with intent to kill, was arrested by Marshal Dye in this city yesterday. He refused to return to Williamstown and was locked up awaiting action by the West Virginia authorities.

### Business Change.

Baker & Uhrhane, the Putnam street furniture dealers, have rented the large business room in the Riley block on Second street, and will move their big stock of goods there after the 1st of July.

### Lightning at Belpre.

Lightning struck the tool house and closets of the B. & O. S. W. at Belpre last evening during the storm, and the buildings were burned to the ground.

### Time Extended.

Treasurer Bode has granted an extension of time to July 10, for the payment of June taxes.

### Marriage License.

Charles W. Barnes and Eva Murphy, both of Newport, Rev. Harvey Coffey.

## THREE TIMES

Mrs. Adeline Theis Shoots at Mrs. Arthur Monroe.

Down on Pearl street, near the old turntable, yesterday morning, a little battle and shooting scrape occurred that disturbed the peace and quiet of the neighborhood and got the female members of two families into serious trouble. The women referred to are Mrs. Adeline Theis, formerly known as Adaline Fox, and Mrs. Monroe, wife of the barber in James Shawhan's shop.

There have been disagreements between the two families on several occasions, the bone of contention being the line fence between the two back yards, and ill feeling existed between the two women. Friday morning, it seems that Mrs. Monroe's dog strayed into the other woman's yard, where he received the contents of a pot of tea upon his back, scalding him and causing him to set up a howl.

Mrs. Monroe took up the dog's cause and the women engaged in an exchange of words. Later, however, words failed to convey the proper meaning and sticks and stones began flying through the air from one back yard to the other. Mrs. Theis was hit in the head and soon another rock took effect on her right shin. Finding that she was not in it at throwing stones, she procured her revolver, a small weapon of 22-calibre, and fired at Mrs. Monroe while the latter was standing in her own back yard. Mrs. Monroe evidently determined to die fighting, for she went after the other woman who fired two more shots before Mrs. Monroe reached her. The last shot grazed the skin on Mrs. Monroe's forehead, but did no serious damage.

The two women then clinched and fought the battle out with their fists. Arthur Monroe appeared before the Mayor soon afterward and swore out a warrant for Mrs. Theis on the charge of shooting with intent to kill. She was arrested by Officer Wright and brought before the Mayor. She waived examination and was bound over to the grand jury under a bond of \$100, which she gave and was released.

### Court Adjourns Until Monday.

Common Pleas Court was in session Friday morning, but as the attorneys in cases set for hearing were absent very little could be done and Judge Coultrap adjourned Court until Monday at 8 o'clock.

The cases set for yesterday were reset and others were disposed of by continuance. Allowances were ordered for Sheriff J. S. McCallister and Court Constable O. M. Steen. The first case to be taken up Monday morning will be that of James Amm against E. Clark, Jr., et al. The case of the Trustees of Marietta College against the Baltimore and Ohio Southwestern Railroad Company will be for hearing the same day.

There is enough work on hand to keep the Court busy until Tuesday afternoon, when an adjournment will probably be taken to July 17, the date set for the further hearing of the Mordock-West injunction suit.

David City, Neb., April 1, 1900. Genesee Pure Food Co., Le Roy, N. Y. Gentlemen—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and doctors said coffee was the cause of it, and told us to use GRAIN-O. We got a package and did not like it at first, but now would not be without it. My brother has been well ever since we started to use it.—Yours truly, LILLIE SCHOR.

### Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by druggists, price 75c per bottle. ### The Trial Trip.

J. M. McKinney took a trial spin on his new locomobile on Thursday and got along nicely to the first trial. The vehicle is propelled by two diminutive steam engines the fuel for producing steam being gasoline. The engines are controlled by a small lever in front of the driver, and the vehicle is guided also by a small lever, both of these levers are very sensitive and must be handled very carefully.

Mr. McKinney got along all right and the locomobile was moving up Market street very nicely when the flame was extinguished and the steam gave out, which rendered the vehicle helpless. It was taken back to Mr. McKinney's home where it was discovered that they had forgotten to place a taper in position. Another trial was made with better success, the machine moving along nicely over the paved streets, making good time. It was easily controlled and guided.—Sentinel.

## WORKING WOMEN.

Women are women after all. Mistresses and maid are alike in physical make-up. Both are women. Both are subject to the ills and ailments peculiar to their sex. But the servant seldom gets any consideration. She is expected to do her work even if her head does throb and a dreary, dragging, bearing-down feeling makes her wish that each step might be her last. Dr. Pierce's Favorite Prescription is made for such women as mistresses. It makes weak women strong and sick women well, no matter what their station in life. It gives the poor working woman an equal chance with her richer sister and at exactly the same price.

The servant who uses "Favorite Prescription" at a moderate price per bottle is much more likely to get well than her mistress who calls in an expensive, local physician. If she will write plainly to Dr. R. V. Pierce, at Buffalo, N. Y., her case will have the attention of a physician who has cured more women than any one hundred other doctors and who has a record of over thirty years' successful practice. Her letter will be considered strictly confidential and will be promptly answered in a plain envelope, so that prying eyes of others may not get even a hint, and she will have the benefit of the very best medical skill without a cent of charge for it. Thousands of women have written and been cured. And by this method they have avoided the "examinations" and "local treatment" so invariably insisted upon by local practitioners and so abhorrent to every modest woman.
